***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/15/2009 has been entered.

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Charles Boulakia on August 27, 2009 at ~12:22 pm EST.

The application has been amended as follows:

- (1) Delete the words "and type" from claim 37, line 12.
- (2) Delete the word "two" from claim 37, line 19.
- (3) Delete the words "and type" from claim 39, line 7.
- (4) Delete the word "two" from claim 39, line 14.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the closest prior art, Mezei et al. (U.S. Patent No. 5,451,408 or reissued U.S. Patent RE38,407), does not suggest formulations providing a combination of both immediate release and controlled release of fentanyl, wherein said compositions are indicated for the treatment of analgesia. Furthermore, it would not have been prima facie obvious to optimize Mezei's compositions to exhibit both immediate release and controlled release, because the goal of Mezei's teachings is to obtain compositions exhibiting controlled release of an opiate (e.g. fentanyl). Thus, the teachings of Mezei (RE 38,407 or U.S. Patent No. 5,451,408) alone or in combination with Dershwitz are concluded as not disclosing or suggesting the claimed method of pain management and its associated device. Claims 37-39 and 41-43, renumbered as claims 1-6, are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James H. Alstrum-Acevedo whose telephone number is (571) 272-5548. The examiner is on a flexible schedule, but can normally be reached on M-F ~10am~5:30 pm, and Saturdays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Johann Richter can be reached on (571) 272-0646. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
